Entertainment and events

Theater/opera

In Switzerland culture in general enjoys a high reputation. Thus it is not surprising that every larger city offers a wide range of various theaters. Starting with the big city theaters in Basel, Geneva and Zürich, which are all of international importance, we also have to mention the well-known opera house in Zürich, offering a wide, diversified program.

Visitors to our country who are fluent in German or French shouldn't miss a performance of one of the cosy smaller theaters. Their program might not be sophisticated, but it guarantees a wonderful evening.

Local tourist offices will provide you with further information about theaters including the up-to-date programs.

Switzerland and its museums

Switzerland is covered with hundreds of museums for every kind of object. Besides the world-famous art museums in Basel and Zürich, one can find a wide choice of smaller but by no means less interesting and very special museums. On these pages we can list only a small selection.

Gardens

Every university in Switzerland (e.g. Basel, Zürich, Bern) has its own botanic garden. All of them are open to visitors and offer a huge range of plants from all continents. If your journey should lead you to the Tessin, make sure not to miss the Brissago Islands. This botanical garden is the home of 1,500 species from all over the world.
